# **EIMCO** Mining Machinery International

## **CAUTION AGAINST PARTS SUBSTITUTION**

Substitution of equipment and components on MSHA (Mine Safety and Health Administration) - approved EIMCO vehicles is restricted by the "Federal Mine Safety and Health Act of 1977" (Public Law 91-173 amended by Public Law 95-164 and Federal Regulations promulgated thereunder).

MSHA approval indicates component and unit compliance in accordance with design, manufacture and quality provisions of CFR Title 30, Part 18, Part 32 or Part 36 standards. The selling or substituting of components or equipment which are represented as complying with Federal regulations but which, in fact, do not so comply is a citable violation under the Act and is punishable by fines or imprisonment or both.

Certain components, and systems are critical to the granting of the MSHA approval. Unauthorized substitution, in whole or in part, of the following components may immediately void MSHA approval, and may also cause citation by local MSHA authorities for violation of these regulations.

### 30 CFR Part 32 (Schedule 24) or EIMCO Certified

- Engines
- Exhaust Systems
- Air Intake Systems
- Brake Systems
- Steering Systems

### 30 CFR Part 18 (Schedule 2-G)

- Motors
- Enclosures (Control panel)
- Wiring harnesses
- Wiring Conduit
- Packing and Packing glands
- Light housings and light bulbs
- Alternator
- Alternator housing
- Cable reel
- Cable reel seals or gaskets
- Cable

### 30 CFR Part 36 (Schedule 31)

- Engines
- Exhaust Manifolds
- Exhaust Piping or Tubing
- Exhaust Manifold Gasket (5)
- Exhaust Scrubber Tanks
- Air Intake System
- Safety Shutdown System
- Engine Cooling System
- Cooling System Surge Tanks
- Fuel System
- Neutral Starting System
- Brake System
- Steering System

### All Machines

Any item contributing to the safe operation of the equipment should not be modified or substituted without written approval of EIMCO MINING MACHINERY INTERNATIONAL.
